How NOT to write a thank you note

by Ho Jeong L. and David R., 4th grade

- Step 1: Hide all the paper under your bed.
- Step 2: Pretend you lost all the paper.
- Step 3: Call your mom to tell her that you lost all the paper.
- Step 4: When your mom searches for the papers, stick to the wall.
- Step 5: Whistle and walk in a weird way.
- Step 6: Hide all your pens and pencils (to not write)
- Step 7: Do other stuff.
- Step 8: Pretend to be sick.
- Step 9: Lie down on the bed.
- Step 10: Hide under your bed.

P.S. If you follow these steps, be warned: you may never get a present again, ever, ever!!!! Or, just go ahead and write the thank you note and hope for the best!
